The European wide sports event 13<sup>th</sup> -19<sup>th</sup> September 2023 was implemented by Ruse Municipality under the Sports for green Deal project, funded under Erasmus sport Programme.

The overall objective of the Sports4GreenDeal project is to raise awareness of the role of outdoor sports activities in improving physical and mental well-being, as well as active citizenship and more environmentally responsible behaviour. This will be achieved by developing digital tools, green competence and a roadmap for the sustainable development of sport involving citizens, athletes, students, coaches and leaders in the European Union's sports 'ecosystems'. All these activities are aligned with the needs and challenges of civil society for a green transformation and at the same time act as a connecting element for sports organizations on a European scale that share values and motivation for a cleaner, healthier, greener and more -favorable local environment for sports activities.

The partnership to implement those objectives include:

**Project Coordinator:**

Ruse Municipality

**Associated Partners:**

Ministry of Youth and Sports (Bulgaria); University of Rousse "Angel Kanchev" (Bulgaria);  
Vasil Levski National Sports Academy (Bulgaria)

**And sports clubs from:**

Lithuania, Malta, Romania, North Macedonia, Serbia, Turkiye, Germany, Czech Republic, Hungary.
